COMMITTEE REPORT - ACADEMIC & STUDENT AFFAIRS

- **Presentation for approval of Academic Program Changes (Board Report #443)** (Wayne Moore, chair/Dr. Chris Wikstrom)

Motion #2. Wayne Moore, Chair, stated that the committee had met and approved this Board Report and they are bringing it to the Board in the form of a motion to accept. Jewell Drewery explained to the Board that since the committee had already voted to accept Board Report #443 it does not require a second.

In discussion, Wayne Moore asked Dr. Chris Wikstrom, VP of Academic & Student Success Services to explain the proposed changes. Dr. Wikstrom explained that to remain on the cutting-edge of Advanced Manufacturing it became clear that two Career Studies Certificates in Mechatronics and Robotics & Automation Technology had become antiquated and no longer served the needs of employers.

By replacing these with more relevant credentials the needs of both the students and employers will be met resulting in more opportunity to earn higher wages.

Within the General Studies degree it has been determined that the Art Studies Career Studies Certificate does not enhance employability or lead to viable wages as it is not a standalone associate degree.

The recommendation is to close the Industrial Controls, CSC, the Industrial Maintenance CSC, and the Art Studies CSC.

By unanimous vote, the Board approved Board Report #443.

COMMITTEE REPORT – BUDGET & FINANCE

- **Presentation for approval of Lease/Purchase of Passenger Bus (Board Report #444)** (George Hippisley, chair/Jack Hanbury)

Motion #3. George Hippisley, Chair, stated that the committee had met and approved this Board Report and they are bringing it to the Board in the form of a motion to accept.

In discussion, Mr. Hippisley asked Dr. Hodges (in the absence of Jack Hanbury) to review the proposal. Dr. Hodges explained that the college is seeking to replace the current 2007 bus with a new 25-passenger bus. The current bus is not even running, and the cost of repair is prohibitive. The purchase price for the new bus is \$130,282.80 with a 5-year lease (monthly payments of \$2,171.38) with the option to purchase it for \$1 at the end of the lease with no limit on mileage. The lender requires Board approval for this purchase.

Jewell Drewery reminded the Board that since the committee had already voted to accept Board Report #444 it does not require a second.

By unanimous vote, the Board approved Board Report #444.

MISCELLANEOUS

Ad hoc Nominating Committee

- Ms. Drewery reported that on January 22, the ad hoc Nominating Committee met and is recommending Jewell Drewery to serve as Chair (filling the position vacated by Robert Haley) and Tim Stone to serve as Vice Chair (filling the position vacated by Jewell Drewery becoming Chair). Their term of office will be for the period July 1, 2024, through June 30, 2026.

Motion #4. Gary Collins made a motion to approve the slate of officers. Ouss Sahhar seconded the motion. The Board approved the motion by unanimous vote.

Bob Vogler Teaching Scholarship

- Ms. Drewery reminded the Board that they voted last year to support this scholarship which was set up in memory of our former Board member, Bob Vogler. Bob was a dedicated Board member for many years. His background was teaching and education. This scholarship will help a student seeking a career as a teacher. Each Board member received information about the scholarship and a return address envelope if they would like to donate in support of this cause. Donations can also be made online through the P&HCC Foundation. Gary Collins reiterated that Bob Vogler had been a super supporter of P&HCC. Dr. Hodges said that he and Mrs. Hodges will match anything the Board donates to this scholarship.

ADJOURNMENT

With no further discussion or comments brought forth, Jewell Drewery, Chair, reminded the Board that the next regular meeting of the Board will be May 20, 2024. She then adjourned the meeting at 1:05 pm.
